

EASTERN INDONESIA EXPEDITION WITH KM AMBAI

This is a new route, the last frontier of Indonesia, far from the diver crowd ...We will cruise for 12 nights in this unspoiled part of Indonesia... Gilles

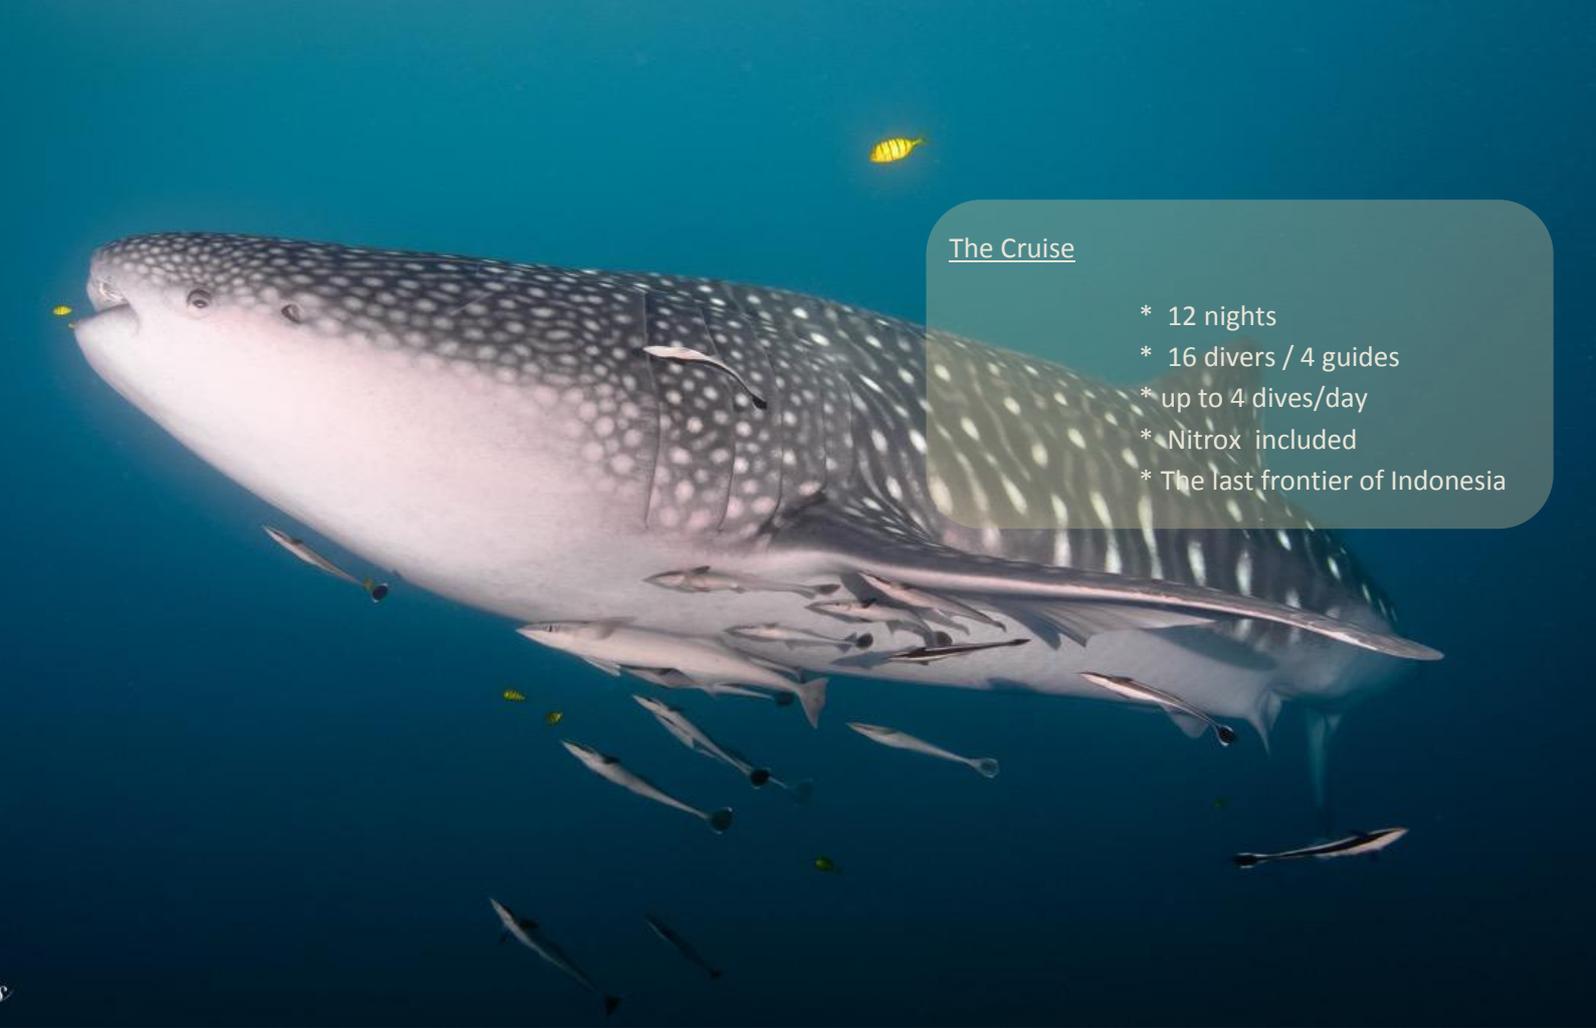

The cruise will start in Ambon, we will do our first day diving inside the famous bay of Ambon and very good muck dive, a good way to start easy ...the second day will be around Ambon island Saparua ect, some excellent coral dives with interesting underwater formation, arch, pinnacles ...then we will sail toward the Banda archipelago, also a very beautiful remote part of Indonesia , with some excellent visibility and fantastic wall....we will after cruise along the chain of islands south east of Seram where some dives sites are already very famous like " Koon " or " too many fish ", then we will discover the KAI archipelago and dive some known places but also try to discover new dive sites...after the beautiful KAI archipelago we will cross west to finish in Triton bay, the last frontier of Indonesia, with spectacular scenery and almost guaranty whale sharks, like usually I choose the Ambai for this expedition andarrangement are already made with the owner.
