**It's a world where everything a diver wants to happen, happens.**

Underwater; this is "Pelagic Central".

- Scalloped hammerhead sharks
- Dolphins
- Endemic Cocos Rosy-Lipped Batfish
- Whale sharks
- Mantas will even spend time swimming with divers
- Green and hawksbill sea turtles

This place is amazingly alive underwater!

#### Islands Highlights

- Covered in beautiful green foliage
- Stunning waterfalls
- Protected Costa Rican park where few boats visit
- Often called "the little Galapagos"

#### Sign Up

If you are interested in big animal encounters underwater photography then a Cocos trip is for you.
