

Dive Right In Scuba in conjunction with Emergency Response Diving International will be hosting a Public Safety Diver day at Haigh Quarry on September 29th from 0900 until 1600.

We would like to bring Public Safety Water Rescue Specialists together to meet, network and learn from each other. Workshops will be placed throughout the day and will include;

Equipment Configuration; *bring your equipment and discuss your configuration with other teams. See what is working and what isn't. Evaluate and dive new products.*

Search Patterns; *typically used patterns as well as atypical patterns for heavy weeds, sonar coordination, and options for extended operations.*

Shore Support and Line Handling; *line handling techniques, hardline vs. wireless comms, responsibilities of the Divemaster and Shoremaster.*

Boat Based Diving and Recovery; *boat based diving techniques, body recovery, lift bag techniques.*

Decontamination of Divers from Contaminated Water; *biological and chemical decontamination of divers and equipment.*

Surface / Swift / Ice Rescue; *cold water immersion suit rescues, swift water gear demonstration.*

ERDI Workshop – Advantages of ERDI and your dive Team by Shawn Harrison from ERDI

Other workshops and vendors TBA.

Register with Dive Right In Scuba at **815-267-8400**

www.diverightinscuba.com

Dive Right In Scuba will be providing lunch

The cost is \$40.00 and covers the \$20.00 Entry Fee into Haigh Quarry, Gear Demos, Seminars, and Lunch
No equipment will be provided, divers must have a full set of gear including exposure protection to dive. Air fills are available on site and are not included in the cost.
