Help Make Clean Waters a Reality!!

What can you do?

We need divers, snorkelers & beach helpers to remove debris!!

- **How are we going to do this?** Divers will transport bags of debris to designated areas, where snorkelers will deliver to the boat. The boat will take it to shore and beach helpers will carry it to the dumpster.
- **Please bring Tools!!** We are targeting fishing lines, fencing, nets and other debris that can be carefully cut out of the reef. So... please bring gloves, mesh bags, wire cutters and/or scissors!!
- **Please bring your C-Cards!!** If you do not have equipment, Ocean Encounters West does have sets available for Nafl. 25,-. Want to dive...you must show your c-card!

Please sign up before September 20th
